ACONYTE BOOKS & UBISOFT® COLLABORATE TO PUBLISH *WATCH DOGS: LEGION: DAY ZERO*

Asmodee Entertainment is delighted to announce that Aconyte, the new fiction imprint of global games group Asmodee, will be publishing DAY ZERO, the prequel novel to the upcoming *Watch Dogs: Legion*® game from Ubisoft®.

Set in a darkly dystopian London just a few years from now, the game and the novel reveal how the sinister forces vying to control the nation are opposed by a secretive band of hackers and activists known as DedSec. The novel follows one would-be hacker as he witnesses a savage murder and is then drawn ever deeper a conspiracy that threatens the entire city. Authentically steeped in London culture and full crammed with fast-paced action, the novel acts as a direct prequel to the events of *Watch Dogs: Legion*®.

The novel will publish in the US and UK as an ebook (October 13th) and trade paperback (November 3rd), from all good bookstores and online outlets. The authors of this exciting near-future thriller are **James Swallow**, a New York Times, Sunday Times and Amazon #1 best-seller with his *Marc Dane* series, as well as bestselling tie-in novels for *Star Trek*, *Warhammer*, *Doctor Who*, and *Deus Ex*; and **Josh Reynolds**, noted writer of many all-

action novels for the Warhammer range, most recently *Knight of the Blazing Sun*, as well as his Daidoji Shin novels for Aconyte.

As part of its ambitious mission to set up exciting new content platforms for both wholly owned and topflight third-party properties, Asmodee Entertainment have announced Aconyte's plans to produce novels set in the worlds of some of Asmodee's most popular games and more featuring a host of characters from the Marvel comics universe. The imprint's mission is to go beyond tie-in fiction and novelizations, to produce vibrant stories with richly imagined characters in living, deeply realised settings. The list debuted in early September 2020, with sales and distribution handled by Simon & Schuster.
